2. Resolutions

IN-YEAR REPORT 2017/18

This is the report will be presented to Council at their next meeting:

RECOMMENDATION:

 a) That Council notes the monthly budget statement and any supporting documentation for October 2017.

3. Executive Summary

3.1 Introduction

Section 71 of the MFMA states that the Accounting Officer of a Municipality must by no later than 10 working days after the end of each month submit to the mayor of the Municipality and the relevant Provincial Treasury in the prescribe format on the state of the Municipality's budget.

This report presents the current state of the budget implementation and reasons for variances and possible action to be taken.

3.2 Consolidated performance

3.2.1 Against annual budget

Revenue by Source

Year-to-date revenue accrued were 769 thousand or 1% below year-to-date budget projections for October 2017.

Refer to Table C4 for more detail on revenue by source.

Operating expenditure by type

Total expenditure were R23,600 million below year-to-date budget projections for October 2017. The variance can be attributed to debt impairment on traffic fines, Eskom bulk electricity account for October 2017 that will only be paid in November 2017, other materials and operating expenditure that is expected to pick up from the third quarter of the financial year.

Refer to Table C4 for further details on expenditure by type.

Capital expenditure

Year-to-date expenditure on capital amounts to R23,152 million, or 46% above the approved budget of R15,870 million. The reason for the high percentage is due R15,421 million spent on bulk infrastructure water and sewerage for the S1 IRDP housing project received from the Department of Human Settlements. Another factor is R2,960 million that was spent on the upgrading of Merweville Sports Grounds rollover of 2016-2017. An application was submitted to Nasional Treasury to roll over the unspent balance of R11,835 million on the project to the

2017/2018 financial year. Feedback were received from National Treasury that the roll-over application has been declined. This poses significant risk for the municipality due to the fact that work has commenced on the project and the municipality are not in the position the fund the project from own funds taking into account the outcome of the roll-over application.

These two project are not part of the current approved budget of R15,870 million. An adjustments budget will be tabled in November 2017 to make provision for the S1 IRDP housing project.

Refer to Table C5 for more detail on capital expenditure.

Cash flows

The municipality started the year with a positive projected cash & cash equivalents balance of R4,413 million, this figure is provisional. The net decrease in cash held were R10,592 million during October resulting in a closing balance of R23,269 million.

Refer to Table C9 for more detail on cash flows.

3.3 Material variances from SDBIP

No comments for October 2017.

3.4 Remedial or corrective steps

- ➤ The Merweville capital project poses a significant cash flow risk for the municipality and will have a dire effect on the operations of the municipality if the matter is not resolved with National Treasury;
- Spending across the spectrum must be slowed taking into account the latter mentioned;
- > Strick control must be enforced with overtime taking into account the current financial position of the municipality as well as the current drought that also poses a significant risk to the municipality;
- Budgetary control within directorates must be enforced strictly.

4.1.2 Table C2 Monthly Budget Statement - Financial Performance (standard classification)

This table reflects the operating budget (Financial Performance) in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organizational structures used by the different institutions.

The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services. It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.
