6970

Attention : Mr Denwin van Turha

**EXEMPTION OF REGISTRATION OF POWERLINE SERVITUDE :  
ISHWATI WEF, KHANGELA WEF & UMSINDE WEF**

Urban Dynamics EC submitted applications for the Rezoning of various farm portions in the Beaufort West municipal area for the development of 3 wind farms, i.e. Ishwati, Khangela and Umsinde. These applications are currently being assessed by the Municipality.

The wind farms will evacuate electricity to the Eskom Grid via a grid connection powerline servitude of 73 m wide over various farm portions, between the Ishwati, Khangela and Umsinde Substations and a Grid Connection Substation (36 ha servitude area) on Remainder of Farm Schietkuil No. 3.

Refer to the attached diagram (1756E/OGDBW, dated 10.2021) indicating the servitude alignment and grid connection substation servitude area (36 ha).

In terms of Section 24 (1) (f) of the Beaufort West Spatial Planning & Land Use Management (SPLUM) By-laws, approval from the Municipality for the registration of Servitudes for the provision of electricity transmission lines is not required. However, in terms of Sections 24 (2) and 24 (3) of the By-laws, the Municipality must still confirm that the registration of servitudes have been exempted.

Your office is now kindly requested to confirm in terms of Sections 24 (2) and 24 (3) that the servitudes (powerline servitude and grid connection servitude) are exempt and also endorse the attached diagram, referenced 1756E/OGDBW, dated 10.2021.

I trust that you will find the above in order. Please do not hesitate to contact our office, should you require any further information.

Kind Regards

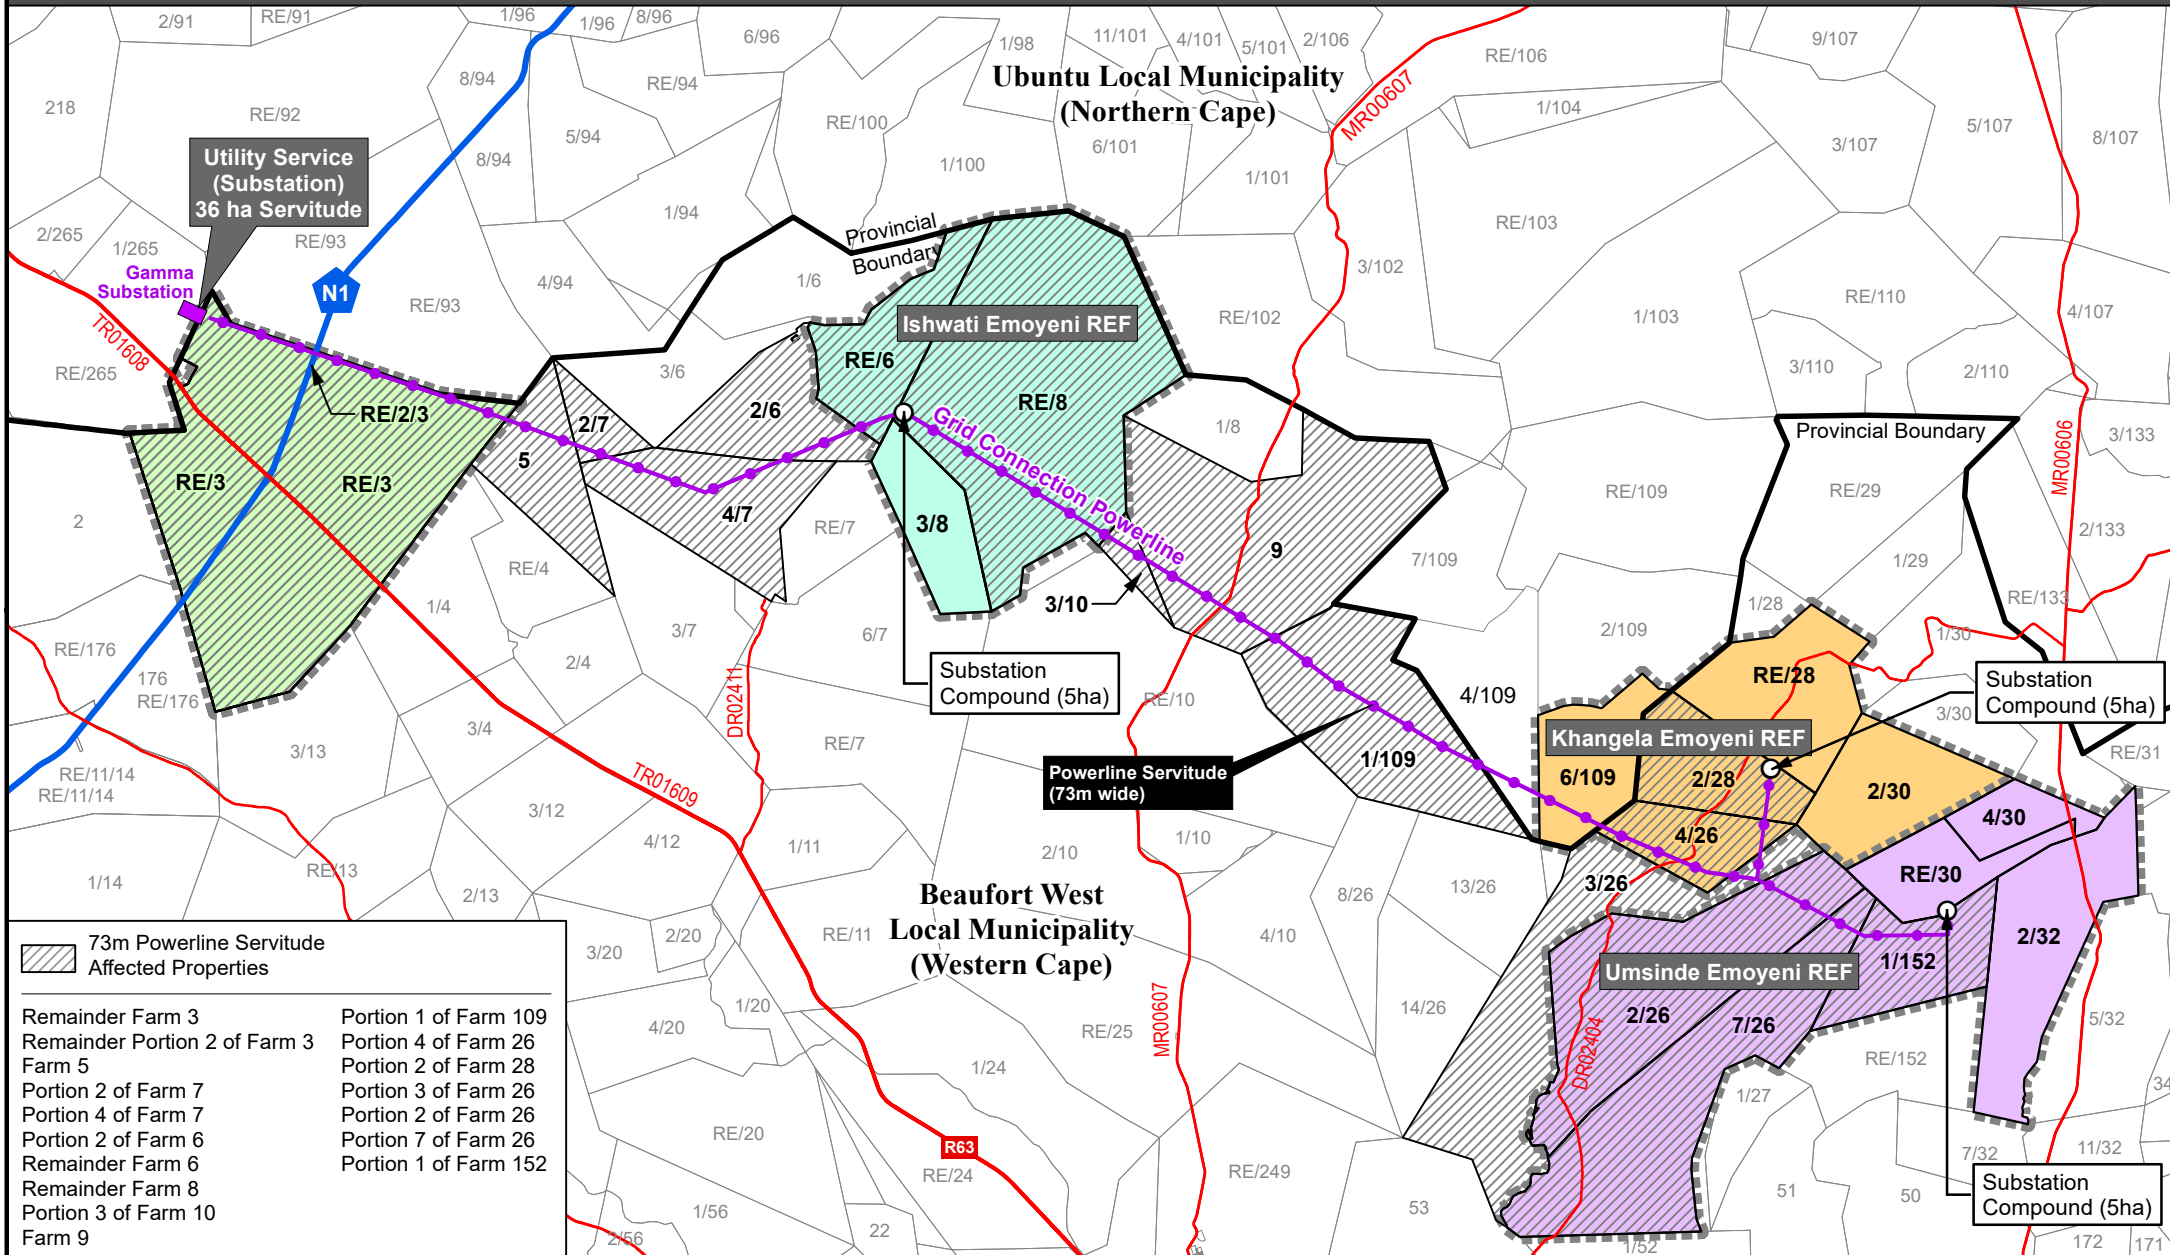

**Urban Dynamics Eastern Cape Inc.**
